

Finish 1st is formulated for high traffic environments. Hospitals, airports, office buildings, universities and schools are ideal for this high solids slip resistant floor finish. When durability and detergent resistance is required, Finish 1st is the perfect choice for composition, marble and marble floor maintenance.

DIRECTIONS FOR USE:

Pre-floor Preparation: Make sure the floor is completely clean of sand, dirt and old floor finish prior to applying product. Use **EXPRESS STRIP** or **EXPRESS STRIP MAX**, product code P.I.N J-140 or P.I.N. F-105 for heavy build up removal. Make sure the floor surface is neutralized to a 7 range PH before applying product. A neutral PH will allow for optimum adhesion of **FINISH 1ST** to your flooring surface. The floor surface must be completely dry prior to applying product.

APPLICATION:

Apply **FINISH 1ST** in thin uniform coats; allow each layer to dry for 30 minutes. Average coverage is 2000 to 3000 square feet per gallon depending on floor material type, age and product application.

MAINTENANCE:

Sweep Floor on daily basis and pick up all sand, dirt and debris. Damp mop with a properly diluted neutral cleaner to maximize floor finish performance.

P.I.N. – F-110

Meets ASTM D-2047-72 Testing Standards
Bufs to High Gloss
Seals in One Coat
Non-Yellowing & Detergent Resistant
Reduces Strip Cycles
Guards Against Powdering
Helps Resist Scuffs & Marks

Caution: Keep out of reach of children. See side panel for additional precautions and first aid.

Precaución: Mantener fuera del alcance de los niños. ver el panel lateral para las precauciones adicionales y primeros auxilios.

Causes Skin Irritation

FIRST AID

Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). **After inhalation:** Assure fresh air breathing. Allow the victim to rest. **After skin contact:** Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. **After eye contact:** Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persist. **After ingestion:** Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention.

Precautions for Safe Handling

Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor. Keep only in the original container in a cool, well ventilated place away from heat sources. Keep container closed when not in use.
