

Sprinkle away big, bad odors fast with super powerful **Mountain Fresh** odor control, time-release granules.

A light sprinkling of these "super-powerful" granules end odor troubles almost magically!

Intensely powerful, these encapsulated granules instantly attack and neutralize the most repugnant odors, then maintain a sustained release of air freshening odor dispellers. Scatter these "big-job" super granules on the source of odor...cigarette urns to dump acreage...and the malodors vanish!

Nothing is easier or simpler to use for instant and prolonged results, indoors or outdoors.

RECOMMENDED FOR:

Garbage Cans, Trucks, Dumpsters, Dumps, Drain Beds, Leaching Fields, Sludge Drying Beds, Seafood Waste Dumps, Cigarette Urns, Locker Rooms, Incinerators, Kennels, Sewer Manholes, Barns, wherever you want to chase odors away and need a BIG JOB odor neutralizer and controller!

A light sprinkling does the job!

DIRECTIONS

Use shaker bottle to sprinkle **Mountain Fresh** over odor causing material.

BULK PACK - Use refillable shaker bottle, or any convenient container, to carry granules to source of odors.

GENERAL USE - For best results, sprinkle into empty refuse and trash receptacles, dumpsters, and garbage trucks and add small amounts periodically or as refuse and waste are deposited. This will prevent obnoxious odors from ever getting started.

CIGARETTE URNS - Use full strength or mix with sand or any other base material. This will keep not only the urn clean smelling, but will act as a room deodorant as well.

SWEEPING - Mix with dry sweeping compound, sprinkle on floor and allow to stand a few minutes before sweeping in usual way. May also be used, without mixing with sweeping compound, in areas where treated dust mops are used.

USE INDOORS OR OUTDOORS...PLACE IN RECEPTACLES OR SPREAD OVER ACREAGE AS NEEDED AND BE ASSURED OF INSTANT AND LONG-LASTING RESULTS.
