

## Directions:

**Toilets:** It is not necessary to remove water from bowl. Squirt stream a minimum of 1 ounce of Clean Storm over inside surface of bowl. Spread over surface with bowl brush, thoroughly cover entire surface including under rim at water outlets, outer bowl rim, and seal. Clean Storm clings to surface allowing time require for chemical action. Add once ounce minimum of Clean Storm to water. Swab entire surface with solution. A quick light rinsing removed all adhered Concentrate. Wipe outer rim of bowl and seal with a damp sponge.

**Urinals:** Squirt stream of Clean Storm, minimum 2 ounces on walls. Spread Clean Storm once entire surface with brush, including grooves along side of water outlets. Allow to remain on surface 5 minutes and flush. Remove screen at trap and pour in one ounce of Clean Storm. Swab inside of pipe.

**Bathroom Surfaces:** Dilute concentrate with 1 part water. Use clean sponge or mop, rinse well.

**Septic Systems:** Clean Storm will not affect action or performance of septic or chemical systems.
