

Directions for Use

For Grease Tubes – Follow directions on grease gun for loading instructions. To insure proper service pump out any existing grease prior to applying or pumping **Encore Industrial's Marine Tek Industrial Water Resistant Grease**.

For Pails & Drums – Follow directions indicated on the grease pump for proper use.

Marine Tek sets the standard for durability & stability under adverse conditions. This industrial water resistant grease protects against damaging water wash out. This unique formula is fortified with an EP extreme pressure package for high pressure service applications. Superior rust and oxidation stabilizers help extend equipment service life. Ideal for salt water and fresh water applications
