

Gentle Breeze combines a fresh unique fragrance with the power of a pure concentrate. Gentle Breeze's unique formula is not a masking agent or a cover-up perfume. The powerful pure concentrate neutralizes a broad spectrum of malodors.

DIRECTIONS FOR USE:

- **Space Spray or Room Treatment:** Use Gentle Breeze straight and spray in a wide spray pattern setting toward the center of the room.
- **Contact Spray/AC Filter Treatment:** use Gentle Breeze straight in a wide spray pattern directly on the source of the foul odor,
- **Mop solution Additive:** Use Gentle Breeze at a dilution rate of 2 oz. to 8 oz. per gallon of water.
- **Carpet Extraction Additive:** Use Gentle Breeze at a dilution rate of 2 oz. to 8 oz. per gallon of water.
- **Lift Station/Drain Line Deodorizer/Sewage Treatment Plants:** Apply Gentle Breeze in concentrate form until a reduction in foul odor and fumes are realized. Keep applying until the desired result of no foul odor is achieved.
- **Fogging Solution/Smoke Remediation:** Use Gentle Breeze in an approved fogging device at a dilution rate of 2 oz. to 8 oz. per gallon of water. Fog in the center of the room as well as each corner to ensure complete room saturation. Repeat as necessary.
