

ISO Grade 68

Encore way lube oils are formulated for many different types of machines. Proprietary friction modifiers make for improved machine performance during slow moving heavily loaded machine runs.

Great for use in the slideways of the following machines:

- Horizontal Boring Machine
- Shapers
- Milling Machines
- Jig Borers
- Planers
- Grinders

FOR USE

For use as a medium viscosity slideway lubricant.

P.I.N. G-255

First Aid

Inhalation: Vapors generated at high temperatures (only) or oil mist may cause mild irritation of the nose, throat and respiratory system. Consult physician and poison control immediately.

Eye Irritation: May cause minimum eye irritation. Consult physician and poison control immediately.

Skin Contact: May cause minimum skin irritations, long term heavy exposure may dry or defat the skin. May also cause dermatitis or oil acne. High pressure injection under the skin could cause extensive tissue damage. Consult physician and poison control immediately.

Ingestion: If swallowed may be slightly toxic. Consult physician and poison control immediately.

Dispose of in accordance with local, state and federal regulations.

Warning: Harmful if inhaled. Avoid breathing dust/fumes/gas/mist/spray. Use only outdoors or in a well-ventilated area.
