

## BATTERY SKIN

### Product Highlights

This specialty coating protects all exposed battery components subject to corrosion and moisture failure. Use Battery Skin to protect all types of batteries and parts for example: heavy industrial, marine, oil field, fleet, rolling stock, material handling and stationary equipment batteries. Battery Skin extends the battery service life of all your essential equipment.

#### USE ON:

- Battery Terminals
- Battery Posts
- Solder Battery Terminals
- Angle and Elbow Lugs
- Bi-Metal Battery Terminals
- Heavy Wall Lugs
- Side Mount Terminal and Bolts
- Cracked and Damaged Wiring Insulation.

**P.I.N. I-310**

# BATTERY SKIN

## Battery Post and Terminal Coating

**Prevents Corrosion**

**Resists Dust & Dirt Build Up**

**Extends Battery Power Life**

**Sets and Dries Quickly**

**Restores Damaged Wire Insulation**

**Weather proofs Cracked/Damaged Wires**

**Helps Maintain Steady Current Flow**

**Resists Shock and Vibration**

**KEEP OUT OF REACH OF CHILDREN.**

MANTENER FUERA DEL ALCANCE DE LOS NI-OS

#### **DANGER:**

Flammable liquid and vapor.  
Extremely flammable aerosol.  
Pressurized container may burst if heated

**NET WT. 14 OZ. (425 grams)**

### Directions For Use

- \*Make Sure Battery Cell Covers Are On\*
- Step 1. Clean battery terminal and parts with Encore Industrial's Clean Start or equivalent.
  - Step 2. Shake Battery Skin can well before using.
  - Step 3. Apply in thin coats for best results apply at least 2 to 3 coats.
  - Step 4. Put equipment back in service.

### Precautionary Statement

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wear protective gloves/protective clothing/eye protection/face protection. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. In case of fire: Use water fog, dry chemical or carbon dioxide to extinguish. Keep cool. Store in a well-ventilated place. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Dispose of contents and container in accordance with all local, regional, national and international regulations.

### Compositional Information

Contains Stoddard Solvent (CAS#8052-41-3), Propane (CAS#74-98-6), Butane (CAS#106-97-8), Isobutane (CAS#75-28-5).
